LEGO® Architecture: Towering Ambition

Open through September 3, 2012
at the National Building Museum

EXHIBITION PRESS IMAGE CAPTIONS & CREDITS

The Jin Mao Tower and the Trump Tower Chicago

Photo by Kevin Allen. Courtesy the National Building Museum.

Within the National Building Museum's exhibition *LEGO® Architecture: Towering Ambition*, visitors can explore LEGO® models of Shanghai's Jin Mao Tower and the Trump tower Chicago.

LEGO Exhibition Play Pit

Photo by Kevin Allen. Courtesy the National Building Museum.

Exhibition visitors can build their own LEGO® structures in the *LEGO® Architecture: Towering Ambition* play pit. Visitors are then invited to place their structures on a city map of LEGO® city.

The Chicago Spire

Courtesy the National Building Museum.

Visitors to the National Building Museum's exhibition *LEGO® Architecture: Towering Ambition* look at Adam Reed Tucker's model of the unbuilt Chicago Spire designed by Santiago Calatrava.

Burj Khalifa

Courtesy the National Building Museum.

Visitors learn more about the Burj Khalifa, the tallest man-made structure every built, from this LEGO® model of the building on display in the National Building Museum's exhibition *LEGO® Architecture: Towering Ambition*.

Fallingwater

Photo by Kevin Allen. Courtesy the National Building Museum.

Visitors check out the LEGO® model of Frank Lloyd Wright's Fallingwater in *LEGO® Architecture: Towering Ambition*.

The Gateway Arch and the Transamerica Pyramid

Photo by Kevin Allen. Courtesy the National Building Museum.

The St. Louis Gateway Arch and San Francisco's Transamerica Pyramid are featured in the National Building Museum exhibition *LEGO® Architecture: Towering Ambition*.

Tucker with Chicago Buildings

Courtesy Adam Reed Tucker and the National Building Museum.

Adam Reed Tucker, LEGO® Certified Professional, with the models of famous Chicago landmarks that he constructed entirely out of LEGO® bricks.

LEGO® Exhibition Play Pit 2

Photo by Kevin Allen. Courtesy the National Building Museum.

Visitors build LEGO® structures in the *LEGO® Architecture: Towering Ambition* play pit inspired by the designs seen in the exhibition.
